

Here are FOUR Lottery Wheeling Systems for ALL Pick-6 Lotteries Worldwide. See System Details At The End Of This Text! These system have been well tested and Guaranteed to Perform EXACTLY AS STATED HERE, Read On... These are Jackpot Systems meaning there will be A WINNING COMBINATION IN THE SYSTEM when THE NUMBERS DRAWN ARE ALL CONTAINED WITHIN THE FAVORITE NUMBERS CHOSEN TO ASSEMBLE THE WHEEL! In other words, if the Pick-5 TEN NUMBER WHEEL is played and the 5 numbers drawn are ALL WITHIN THE 10 NUMBERS CHOSEN FOR THE WHEEL, A JACKPOT WINNER IS 100% GUARANTEED TO BE IN THE SYSTEM, PLUS There will also be 2nd and 3rd Place Winners! In the event there re only 3 or 4 of the 5 contained in the 10 Favorites, YOU STILL WIN!, YOU WIN WHEN YOU MISS? YES! But not the Jackpot of course, you do need ALL 5 TO WIN THE JACKPOT, but you can still Win a pretty amount of 4 out of 5 and 3 out of 5 Prizes! The playing cost is reasonable on all the systems, The Pick-6 works exactly the same way as the Pick-5 described here, There is a Q and A section that answers some of the most common questions about these systems and gives some valuable playing tips! While an Everyday Lottery of a Million Dollars seems common now a days there is always the chance that a lottery, especially the Power Ball Lottery will reach 1 BILLION DOLLARS! A Billion Dollars? YES! Recently the Power Ball Lottery was \$500,000,000 and if this lottery can reach A Half A Billion, just one or two more roll overs would have put this lottery in the Billion Dollar Range! Sooner or later this WILL HAPPEN and wouldnt it be nice to have a system capable of willing that Jackpot that does not cost a fortune to play! The power in these systems is; ONLY ONE THING HAS TO HAPPEN TO HIT THAT JACKPOT, ONE! And that ONE THING is having ALL THE NUMBERS DRAWN TO BE IN THE FAVORITES. To understand this better think of it this way, if you try to get 5 out of 5, that is pretty hard and just like playing a single bet, we all know how hard that is, now if you have 6 numbers and try to get 5 of them, its a little easier, 7 easier yet and 10 easier yet! Let;s say the lottery has 40 numbers, many do, and you used all 40 numbers, of course you will ALWAYS HAVE THE 5 NUMBERS DRAWN because you used all 40 Numbers! There are systems like that by the way, but now if you used 30 or 35 favorites of the 40, you will probably have the 5 drawn in the favorites better than 80% of the time! Using 15 or 20 favorites still gives you a good chance at having ALL THE NUMBERS DRAWN! The more numbers you use in the wheel, the easier it is to have all the numbers drawn and Win The Jackpot! The idea here is, to Win that Jackpot using a smaller system then with that Winning Cash EXPAND THE SYSTEM to more numbers and REALLY GO AFTER THAT LOTTERY! Using 80 or 90% of all the numbers, heck, you may win that Jackpot several times a week! YES Several Times A Week, but you get the 1st one FIRST using the smaller system with the lower betting cost! If you need a better idea of how these systems work see our book LOTTERY PLAYERS NOTEBOOK which gives you working detailed systems and a simulated drawing out of a hat as a lottery drawing to show you EXACTLY HOW WELL THESE SYSTEMS REALLY WORK. Maybes its kind of a YOU MUST SEE IT WORK TO UNDERSTAND! For those already familiar withe these systems BUY WITH CONFIDENCE, you know what you are getting and how to use it! These are number replacement systems using Favorites Chosen By The User! Detailed Instructions For Loading The System is Included, NO Math or Analysis Required, simply Load The System and You Are Ready to Go>>>> Included is; 6/ 6Using 7 Numbers, System Has 7 Bets, 6/6 Using 8 Numbers, System Has 28 Bets, 6/6 Using 9 Numbers, System Has 84 Bets, 6/6 Using 10 Numbers, System Has 210 Bets! Thank You For Your Time!
