

All About Ants: Ant Book For Kids With Information About Ant Colonies, Carpenter Ants, Ant Types, Ant Hill, and Black Ants Ant colonies are everywhere. We see ant hills, black ants, carpenter ants and red ants. All About Ants: Ant Book For Kids will help you see the world from the ant point of view. Written and published by Billie Regent, with the story told by Larry the Ant, this non-fiction fact filled Children's book, for kids 8 years and older will delight and help the reader see the world from the ant's point of view. Complete with colorful photos and pictures of ants for kids, that look great on any Kindle reader, the iPad or computer, this book will help children appreciate and explore the world of bugs from the ant's point of view. (Of course ants don't have names and we do not understand what they say, if they even talk, but with Little Larry's make believe help and your imagination, you will enjoy this adventure from this ant's point of view). This book is filled with ant information for kids. Ants. Wherever you go you see ants. Ants come in all sizes and colors, but compared to us they are really, really tiny. Ants crawl around in the smallest places, up trees, underground and even in your home. These hard-working bugs thrive wherever they live. Join Larry the ant as he tells you his story through the pen of the author. Larry will help you see his tiny world through his eyes, the eyes of the Black Ant. The extraordinarily vivid pictures within this book are tied together with small blocks of text that are very easy to read. Thus, Bugs: A Kid's Book About Ants is an eBook that is a perfect learning tool for children of all ages. Note: This book is suitable for reading children 8 years and older. Parents of younger children will enjoy reading this fun book to their younger their children.
