

Hands-on answers to the crises of urban homes. The problems urban families face--low income, drug abuse, divorce, gang involvement, domestic violence, and more--are devastating. But solutions exist in the local church that can transform troubled homes into places of love, security, hope, and growth. In *Reclaiming the Urban Family*, Dr. Willie Richardson gives pastors and leaders methods that can make inner-city churches a powerful force for restoring, training, and strengthening families, single-parent homes, and individuals. Using the principles and strategies described, the family training ministry of Dr. Richardson's own Christian Stronghold Baptist Church in Philadelphia has - Brought about a near-zero divorce rate - Produced strong marriages built on deep love bonds between couples - Helped numerous low- and moderate-income families become debt-free - Trained men to be competent husbands and fathers--and raised adult male membership in church to as high as 48 percent - Lowered the number of teenage pregnancies - Helped win to Christ those who have seen transformation in their loved ones. *Reclaiming the Urban Family* covers concerns as diverse as lay biblical counseling, singles and youth ministry, marriage preparation, occupational enrichment, single-parent households, evangelizing families, and more. Complete with a section of resources for African-American family ministries, it shows how local churches can become dynamic agents for building thriving homes and individuals and for evangelizing the unsaved.
