

A Workbook For: Best Selling Motivational & Self Development Books Thousands of Copies are Sold Annually My curiosity began when I was in my late teens and focused on how do we become successful and how do we become what we want to become. I answered these questions in the most basic and simplest way. The answers I discovered were not taught to me or any student in high school, college or graduate school. The Questions: What is success? What leads to success? What is my purpose? How do I get what I really want? What is the most important thing in my life? Throughout thirty-five years, I took notes at meetings and seminars then recorded the ideas, which were repeated. My workbook is a summary (the lowest common denominator) of the most important ideas I learned. The men who shaped America during the Industrial Revolution endorsed these ideas and they have been duplicated and taught to progressive people throughout the world. Read current best selling motivational and self-development books then read this workbook • follow the instructions. Do not read this workbook as if it is best for someone else; it is meant for you today. At some point stop reading about goal setting - just go out and do it. You have read and heard about the success stories of others; now, go out and make your own story. Successful People Follow Similar Patterns.
